

VOLUNTEER ROLE: OFFICIAL WITNESS

LOVE FOUNDER STORIES?**WANT TO HELP BREAK A WORLD
RECORD HERE IN BRISTOL?
THIS IS YOUR OPPORTUNITY****BE A VOLUNTEER WITNESS**

I can interview 59 founders for 59 hours straight, but if nobody independent is watching, it never happened. Witnesses are the record's official eyes and ears. You hold the line while the city sleeps, and the record book only opens because you were there.

We are attempting to break the Longest Interviewing Marathon, which currently stands at 56 hours and 10 minutes.

WHAT YOU GET

- The best seat in the house: the studio sofa, watching a world record attempt happen a few metres away
- Your name and face on the be HEARD. crew wall at beheardlive.co.uk/#volunteers
- The stories. Founders saying things they never say on stage
- A runner looking after you, refreshments throughout, car parking at the venue
- Bragging rights forever. When this record stands, you are one of the people who made it official
- Access to a certificate with your name on it (if we break the record)

WHAT YOU DO

- One 4-hour shift (the rules cap witness shifts at 4 hours, so it never drags), always paired with a second witness
- Watch the interviews happen live and confirm the attempt is real, hour after hour
- Keep the official log book with your co-witness: activity times, rest breaks, two signatures
- Write a short statement in your own words at the end of your shift. Template provided, five minutes, done

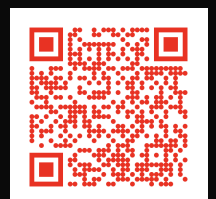

WHO CAN DO IT

Anyone 18+ who is genuinely independent: not related to me, not part of my team, Talk Club or Films at 59, and not speaking at the event. That's the whole test. No experience needed; the log book comes with a crib sheet and the outgoing shift hands over to you.

THE SHIFTS THAT NEED HEROES

The daytime slots went fast. What's left is the good stuff: Friday and Saturday overnights and Sunday's dawn watch. The night shifts are the badge of honour here. One volunteer took three shifts. Another claimed 5am Sunday alone and needs a partner. Your move.
